Women's Development	Hollie Cox
Safeguarding Officer	Kerri Matthews
Media	Niki Cross/Brian Wood
Committee Members	Lloyd Taylor,

Area Appeals Committee

Dave Underwood,

Jack Forrest,

Phil John,

Introduction - Brian Wood, Chairman

The 2025/26 season concluded on 25th April with the Youth League Finals at Moreton Morrel, a great celebration of Youth basketball in the area. Thanks to Parents and Coaches for supporting these youngsters. It's a long day, tiring to watch but encouraging to see the talent and enthusiasm of these youngsters playing for silverware. Thanks to Alex Birch and his team of assistants for organising and running this event.

I've been fortunate to watch some great basketball this season, the Senior league Handicap Cup finals at Nuneaton on 19th April, another great display of talent in the area, determined to win despite some weary bodies at the end of the season. Thanks to all participants and supporters and congratulations to all teams for taking part.

The Division 1 Play Offs, as a neutral spectator, a very exciting game to watch, especially the second period of overtime, hoping that the lights weren't going to be turned off as it was after 10 o'clock. Tornadoes I and Arden battling it out with Tornadoes winning by just 4 points.

It is our aim to promote and encourage the game of basketball to all, irrespective of age, gender and ability. To approve, promote and organise competitions, leagues and basketball events for all ages and abilities. I believe we are succeeding in doing this. Thanks to All for helping to achieve this.

I spoke last year at the AGM and our Officiating conference about misconduct, particularly abusive behaviour of players. I am pleased to report that I feel there has been an improvement, Thank you.

However, there have still been some reports that we have had to deal with, and I will be sharing my thoughts for improvement with those involved.

Please keep up the good work.

One of my pre-season worries, was the introduction of PlayHQ, thankfully, I didn't need to worry as most club admins have got to grips with it. I believe this is probably the best change BE have made for some time. If you do need help, I am always available, just give me a call.

I had the pleasure of attending the West Midlands BE Regional Awards evening in April, run by Nick Holloway and Dan Cox from BE, it was good to see people being recognised for their work in the region.

As a league, we are constantly looking at ways to improve our working processes and will shortly be applying to become a BE Level 1 Accredited League. This will give us better access to funding, officiating courses and a recognised structure.

I would like to thank the Committee for the work that they do behind the scenes to make Warwickshire basketball the success that it is.

We meet monthly to conduct business, usually on Teams but occasionally in person, if you are interested in joining us for a specific role or general committee member, please contact me for more information.

.

Finance – Garry Kearsley

The Income and Expenditure account and Balance Sheet of the Warwickshire Area Association for the year ended 30 April 2026 is contained below. The net deficit for the year was £1,090 (2025 £467 deficit).

The main income for the Association is the league entry fees, fines administered, and bank interest received. The income is down on the previous year due to the basketballs sold to individuals in 2025.

The Association's expenditure is slightly lower than 2025. Included within these are the costs for the 2025 AGM, website, trophies, Junior and Senior Finals Day costs, bank charges and game report printing expenses. Also, and hopefully a one-off, the Association had to pay a fine for copyright infringement for a couple of historical images that were posted to the website. May I remind the members not to use images found on the internet to enhance documents that are subsequently uploaded to the Association's website.

The Association's balance sheet as at 30 April 2026 shows net assets relating to league activities of £2,778. In addition, £848 is held in the Association's development fund. There were two grants given, totalling £390, out of the fund this year for coach development for Junior teams. May I remind the members that grants are also available from the central fund held by the West Midlands region.

It will be necessary to increase the league fees for the coming year due to the cost of the Finals days and general administration continue to exceed income.

Registrations – Garry Kearsley

This season's registrations reflect only the players, coaches and officials that were registered in the Warwickshire area on the PlayHQ website, and are shown as Unique Participants.

This season, the player, coach and officials' statistics are as follows: -

During 2025/26, the Area has 792 (2024/25: 668) players, coaches and officials,

371 (2024/25: 283) senior players, coaches and officials and

421 (2024/25: 385) junior players.

Competitions Report – Senior League – Brian Wood

The 2025-2026 season fixtures got underway on 29th September as planned.

There were 8 teams in Division 1 including promoted JM Grizzlies, Westwood Rhinos and Warwick China Red.

It was always planned that China Red would not play in the first week due to availability, I met with their Team Manager on the day of their first game to lend them some numbered bibs as they were awaiting new kit. He told me that their funding had been withdrawn at the last minute, after attempts to raise funding failed it was agreed they would play away games only.

There were 10 teams in Division 2 including new teams from Daventry, Redditch, Yardley and a second team from Tamworth. Unfortunately, Coventry Tornadoes Development team withdrew from the league the weekend before the season started.

Div 1 League games – 51

Div 1 Handicap games – 11

Div 1 Play Off games – 3

Div 2 League games – 68

Div 2 Handicap games – 13

Congratulations to Coventry Tornadoes I who won Division 1 League and Play Offs, having only one loss to second place Arden Griffins.

Congratulations to Birmingham Rebels, just hung on to 4th place in the league and won the Div 1 Handicap Cup, beating Arden Griffins by the 10 points lead that they started with.

Congratulations to Tamworth Tigers 2, winning Div 2 League with only one loss to Tile Hill Trojans 2.

Congratulations to Yardley Defenders, finishing mid table and winning the Div 2 Handicap Cup, beating Coventry Tornadoes III, 75 – 67.

There were the usual rearrangements due to court booking issues, Player and Referee availability, oh and it snowed one day, causing a couple of games to be called off.

It is disappointing to receive reports of abuse towards Officials and general disrespect for other players, please be more respectful. This is a recurring theme, and we will be discussing game management at our Officials conference in September.

I am planning to have draft fixtures ready to circulate by first week of August with 2026-27 season starting week commencing 28th September with a plan to conclude the season by end of April 2026.

Competitions Report – Youth League – Alex Birch

The 2025/2026 WBA Youth League season saw 10 different clubs competing across various age groups that ranged from Warwickshire, Coventry and Birmingham.

The regular season league games started towards the end of September 2025 and would run through until the end of March 2026. The top 4 clubs from the U13/U15 and U17 leagues participated in semifinal playoffs with the winners taking a spot at the finals day on Saturday 25th April 2026 at Moreton Morrell College.

This season saw many competitive games across all of the age groups which was also reflected in the league tables with league champions being closely contested by their runners up.

This season also saw the introduction of the Play HQ and the Hoops HQ app. There were many games lived scored this season with results and league tables automatically being updated on the app. This created a great buzz for players in the league as they could track scores, league tables and even their own points being scored. We hope for more games to be lived scored next season.

The concluding games for the 25/26 season would take place at the Youth Finals Day which was a very well attended event with a fantastic atmosphere. The finals day also saw all 5 U11 teams compete in a final round robin event with Tornadoes being crowned champions.

Congratulations go to all of the playoff final winners:

U11: Coventry Tornadoes

U13: Warwickshire Hawks

U15: Coventry Tornadoes

U17: Coventry Tornadoes

Thank you to all the clubs that took part in the WBA Youth League this season and contributing to making it a success. We are already excited and looking forward to the 26/27 season.

A big thank you goes to Brian Wood for helping organise the fixtures and league tables and having these published on the WBA website on a weekly basis.

Officiating – Tony Bates

The 2025/26 senior league season concluded in April this year, so not quite as long as last season! On the whole things went well with virtually all games completing with 2 referees present, so I would like to begin by saying a huge thanks to all the referees who've supported the league this year for their commitment, flexibility and willingness to jump in and offer help when changes were required. I use a WhatsApp group to share all fixture appointments and I really do find this the easiest and most effective way to communicate particularly when asking for help with any last-minute changes. I have tried hard again this season to rotate referees about as much as I can, for the benefit of teams and officials, but it has been challenging with some new teams/locations that are little further afield.

The season "tipped-off" with an Officials Conference held on the morning of Saturday 27th September at Moat House Leisure and Neighbourhood Centre in Coventry. Attendance at the event from both officials and coaches was on the disappointing side particularly given that Dan Cox from Basketball England (BE) was in attendance to help talk through any rule changes or clarifications discussed at the BE officials conference. Despite this, the event was a success and the presentation from Dan was excellent, with plenty of time remaining at the end to ask questions and pose some issues and scenarios faced during the previous season that, on occasion, resulted in inconsistent or perhaps incorrect calls being made. His coaching and guidance was invaluable and I would like to say a big thank you to Dan for giving up his Saturday morning and travelling a fair distance to support the event. Watch this space for another event in September this year just before the start of the season, and I would strongly encourage all officials and coaches to attend.

Once again, one of the key focus topics for the Officials Conference for the coming season will be game management, including how to deal with poor behaviour from both players and coaches observed during the course of this season. I would like to see all coaches make this a key topic for discussion with their players during pre-season training and encourage you to reach out with any constructive feedback about topics you would like us to consider during the Officials' conference, so please do get in touch with your thoughts.

The team of referees I call on to support the league is stronger than it has been for a few seasons now, but I am always on the lookout for anyone interested in training to become an official as there are still challenging weeks and on many occasions members of the team have covered more than one game per week. Training to become an official has never been easier, as the early training modules can now be completed in your own time at your own pace at home, along with the exam. There is still the need to complete a 4 hour practical session in person followed by 3 assessment games before reaching level 2 status, but this is relatively straight forward. I became an official myself, as I wanted to give something back to the league that had supported me as a player for many seasons, and I'm hoping there are a few of you out there that might share the same thought. So, if you are interested in joining the team, or want to know more about becoming a referee, please drop me a message to info@warwickshirebasketball.co.uk and I will get back to you.

Safeguarding – Kerri Matthews WBA Safeguarding Lead

.This season saw the introduction of the new Level 1 Accreditation framework from Basketball England, which elevates safeguarding from recommended good practice to a formal requirement for recognition as a properly governed club.

For safeguarding specifically, clubs are now required to demonstrate that robust systems and procedures are in place, rather than simply stating a commitment to welfare. Key requirements introduced under the new framework include:

- Every club must appoint a named Club Welfare Officer (CWO)
- The appointed CWO must complete safeguarding and welfare officer training
- Clubs with junior members must formally adopt and publish safeguarding policies
- Clubs are expected to align with the Child Protection in Sport Unit (CPSU) framework and Sport England governance standards
- Safeguarding compliance now forms part of club accreditation and league eligibility, rather than being treated as optional good practice

I am pleased to report that no major safeguarding incidents or welfare concerns were formally raised with the committee during the 2025/26 season. However, several incidents were noted throughout the season where coaches, officials, teammates, opponents, and/or spectators were not treated with the appropriate level of respect. Such behaviour is not acceptable and will continue to be monitored closely during the 2026/27 season, with sanctions applied where necessary.

I would like to thank clubs, coaches, volunteers, officials, and committee members for their continued cooperation and commitment to providing a safe, positive, and inclusive environment for all participants.

Walking Basketball

The Sunday fortnightly mixed sessions which take place on a full court at Woodlands have had to limit the attendance to a maximum of 15 participants and the Group has attracted several new members this year bringing the total on the mailing list to around 30.

It is an ideal platform for any players who have decided to call time on their running basketball but wish to remain as part of this great sport, and it also has seen several players come along and join in to assist their recuperation from injury before returning to league action.

The Tuesday Group, who turn out weekly in an hour-long programme on a half-court, play in a more sedentery manner also with both ladies and men, many of whom are in their seventies. In this group there is a good community spirit and they not only share the Moat House court, but take advantage of the catering facilities too.

Walking Basketball is primarily for the “Over 50” age group but anyone can join in the fun, and, it is a bit more strenuous than many imagine!

Recently, youngsters preparing to take part in an under 15 game at Woodlands, arrived early and took in the atmosphere of a Sunday session, before posing for the camera with the veterans and prior to the preparation for their game.

More information on Walking Basketball can be obtained from Mike Maddox on mike@tilehilltrojans.net

Statistically Speaking – Garry Kearsley

Summary across both Senior Divisions for 2025/26 Season:

2 pointers made = 4,625
3 pointers made = 1,225
Free throws made = 1,800
Total fouls committed = 2,906 (including 43 Unsportsmanlike and 55 Technical)

Least team player fouls in Division 1* = 132 by Coventry Tornadoes 1
Least team player fouls in Division 2 = 107 by Redditch Regents
Most 2-pointers made by Team in Division 1 = 370 by Coventry Tornadoes 1
Most 2-pointers made by Team in Division 2 = 363 by Yardley Defenders
Most 3-pointers made by Team in Division 1 = 99 by Coventry Tornadoes 1 and Tile Hill 1
Most 3-pointers made by Team in Division 2 = 110 by Nuneaton Predators
Most Free-throws made by Team in Division 1 = 105 by Birmingham Rebels
Most Free-throws made by Team in Division 2 = 159 by Tile Hill Trojans 3

* Excludes Warwick China Red who could only play away games

I do have stats tables available for each team in the league. If you would like a copy of the table for your team(s) separately from that provided in PlayHQ please send an email to info@warwickshirebasketball.co.uk

Thanks to everyone for sending in scoresheets via email promptly after games this season, it really has made the job of completing the stats so much easier. Also a shout out to the Scorers for making the scoresheets easy to read – thank you.

Statistically Speaking – Niki Cross

Summary across Youth U13/15/17 Divisions for 2024/25 Season:

2 pointers made = 7435
3 pointers made = 597
Free Throws made 1940
Total fouls committed = 2920

Least team player fouls in U13 = 134 (Bromsgrove Bears and Coventry Tornadoes)
Least team player fouls in U15 = 145 (Coventry Tornadoes)
Least team player fouls in U17 = 106 (Solihull Griffins)
Most 2-pointers made by Team in U13 = 384 (Warwickshire Hawks)
Most 2-pointers made by Team in U15 = 502 (Coventry Tornadoes)
Most 2-pointers made by Team in U17 = 477 (Yeardley Defenders)
Most 3-pointers made by Team in U13 = 19 (Solihull Griffins
Most 3-pointers made by Team in U15 = 43 (Coventry Tornadoes
Most 3-pointers made by Team in U17 = 67 (Coventry Tornadoes)
Most Free Thows made by Team in U13 = 92 (Redditch Raptors)
Most Free Thows made by Team in U15 = 150 (Frankley Falcons)
Most Free Thows made by Team in U17 = 152 (Tamworth Tigers)
Stats tables are available for each team in these leagues on PlayHQ,
